April 1, 2026

Subject: Notice of Closure to New Patient Referrals

Dear Colleague,

Please be informed that, effective April 1, 2026, our practice is no longer accepting new patient referrals.

Referrals received on or after this date will not be scheduled or processed. Any referrals received prior to April 1, 2026, will continue to be processed and managed in our prior manner until they have all been processed. We expect this process to take more than 6 months as our referral queue has far exceeded our capacity.

This decision was made after careful consideration of our current patient volume and other factors such as the over-reaching regulatory environment that we all face operating healthcare operations in the current era. We find it challenging to maintain quality care for our established and long-term patients and meet all the mandates demanded by government and others.

We value our professional relationship and appreciate your understanding. Should circumstances change in the future, we will post the change in status on our practice website www.cnsaneurology.com.

If you have any questions or require assistance, Dr Gustafson would be pleased to discuss, but only with practicing physicians (MD/DO). Please contact the office for Dr Gustafson's contact information if the physician does not have this information already.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Gustafson", with a long horizontal flourish extending to the right.

Jon M Gustafson, MD

CNSA Neurology
